TOTAL DOCUMENT SOLUTIONS

C7425dn/C7425hdn

Aficio™

OUTSTANDING COLOUR
THAT'S A BREAKTHROUGH IN
VALUE AND PERFORMANCE

Fast, cost-efficient colour printing for every business need

There is no better choice than the C7425dn and C7425hdn for businesses seeking to make high-quality colour an affordable, everyday reality for professional office environments. These fast, network-ready laser printers deliver crisp, vivid colour output at 25 pages per minute (ppm) to quickly add clarity and impact to every document you produce.

Whether you choose the C7425dn, or the higher resolution C7425hdn with additional security and a hard-drive enabling easy document management, you'll get the same unique blend of high performance and excellent value. Both machines feature double-sided printing at full speed, saving you paper and time and delivering a highly-competitive cost per page.

This duo's innovative design enables longer print runs with less intervention, helping to reduce the overall cost of ownership. Moreover, their easy connectivity, browser-based management tools and user-friendly driver software make professional looking colour printing effortless for all.

Gestetner's unique approach, links people with knowledge and expertise, combining our wide experience of innovative, document related Products and Software Solutions with our world class Business and Professional Services to deliver the best Total Document Solutions for your business.

Double-sided printing at virtually the same speed as single-sided

Optional Security Module on C7425hdn protects sensitive information stored on the hard drive

Fast, high quality colour printing on a wide range of paper sizes and weights

High-value colour printing for every business need

The C7425dn and C7425hdn offer outstanding value and performance for all demanding workgroups needing the highest quality colour printing for their everyday business documents. These ultra-reliable colour laser printers feature environmentally friendly double-sided colour printing that minimizes paper usage and reduces the Total Cost of Colour Ownership, delivering superb quality at a very competitive cost per page.

Fast, efficient colour output to speed up your business

With a class leading 25ppm in colour and black and white, a high-performance processor and a very fast first printout, these compact, streamlined laser printers make high-speed colour available to all. They really accelerate your output by printing double-sided documents at virtually the same speed as single-sided.

Effortless printing and management of high-quality colour documents

Now your workgroups can have reliable colour printing that is as easy to use as it is to own. Gestetner's RPCS printer driver makes these printers incredibly simple to use. Its icon driven interface allows you to simply click to repeat previously saved or common output settings, such as double-sided or 2-Up printing. SmartDeviceMonitor, a powerful remote management tool provides central control, monitoring and email status alerts for connected document devices. Plus, the high toner yield and extended duty cycle ensure

minimum user intervention. These machines maximize uptime and productivity, delivering excellent value, effortless printing and easy management.

High-quality for professional looking printing

With the C7425dn and C7425hdn you'll instantly be creating crisp, sharp professional looking documents, at true 1,200dpi with the C7425hdn, in vivid attention grabbing colour. All of your business information will benefit from the increased impact and clarity that high-quality colour can add to your general office documents. These versatile printers have excellent paper handling abilities enabling you to print to both A4 and A5 paper sizes on a wide range of paper weights and transparencies. The standard 550-sheet Paper Tray capacity can be optionally increased to 1,750 sheets, enabling long uninterrupted print runs.

Seamless integration with your network

The C7425dn and C7425hdn are pre-installed with a Network Interface Card and USB2.0 as standard. They support all major networks and industry standard printer languages including Apple Macintosh™, ensuring seamless integration into your document environment. Further connectivity options including Wireless LAN (IEEE802.11b) and Bluetooth are available for organizations using the latest mobile technologies.

Software Solutions

Complementing the C7425dn and C7425hdn, Gestetner offers a superb range of Software Solution products, specifically designed to integrate these devices into your document communications environment. These Software Solutions are aimed at improving the way you manage documents and information in your organization. Combined with our expert consultancy, Business and Professional Services and support, they offer a tailor made solution to your office, improving efficiency, productivity and cost control.

Aficio™

The Gestetner C7425dn and C7425hdn bear the Aficio Symbol – your sign of digital technology, innovation and customer support in action.
